

ISG™ CV24 Photo ID Camera

Affordable, Reliable, Durable Photo ID Camera Solutions

The ISG™ CV24 Photo ID Camera is ideal for cost conscious customers that need a reliable and long-life photo ID camera. The ISG™ CV24 is a compact camera that captures high quality photo images. Quality photos are a key component of a photo ID system. Using WDM, TWAIN or DirectX, the camera integrates with most Photo ID software applications. Unlike consumer cameras, the CV24 will last for many years and includes a one-year factory warranty.

Features

- Progressive scan, 1.3 megapixel 1/3" CMOS sensor (square pixels)
- Simplified cabling - video, power & full camera control over a single USB cable
- Still image capture with streaming video
- WDM driver, TWAIN, DirectX compliant
- Support for Windows XP, Vista & Windows 7 operating systems
