SALAMANDER

TAG

When the unthinkable happens, Salamander's **TAG** suite provides the tools to identify people and resources. You'll know who's who, why they're here, and how they can help to get the situation under control.

TRACK

Managing people and resources at the scene of an incident is no easy task. Salamander's **TRACK** suite tells you the who, what, when, where and why of everyone and everything.

REPORT

It happened. Millions of victims are affected. Emergency responders are en route from nine states. The entire country is watching your every move under a microscope. Salamander's **REPORT** suite provides the tools to handle the biggest, most chaotic incidents imaginable.
